

TOTALENERGIES UK PENSION PLAN

Notice of Election (Mandatory Scheme Pays)

PLEASE COMPLETE THIS NOTICE AND RETURN IT TO THE PLAN ADMINISTRATORS BY 31 JULY 2024.

1. Member details

Title:	NI Number:	
Surname:	Sex:	Male Female
First name(s):	Date of birth:	
Home address:	Postcode:	

2. Annual allowance tax charge

Tax year to which the annual allowance tax charge relates:	2022/23
Amount of total annual allowance tax charge:	
Amount of annual allowance tax charge you want to be paid from the Plan:	

3. Adjustment of your Plan benefits

Please adjust my Plan benefits to meet the cost of the annual allowance tax charge as follows:

By deduction from my money purchase benefits

If you select this option, the annual allowance tax charge will be met first from your Additional Voluntary Contributions (if any) and then, if the charge is more than your Additional Voluntary Contributions, from your benefits in the DC Section (if any). The appropriate number of units will be sold from your Pension Account on a pro-rata basis. If you would like the deduction to be made from a specific fund/s, please complete the table below:

Fund Name	Proportion of total amount* (%)

*The proportions must be whole numbers and must add up to 100% in total.

By adjustment of my final salary benefits

If you select this option, the annual allowance tax charge will be met from your final salary benefits in the DB Section of the Plan. The deduction will be calculated at the point the annual allowance tax charge is paid, as the actuarial equivalent of the tax charge. The deduction will then revalue in line with the Plan Rules until you retire. The adjustment Plan benefits just before they come into payment.

If you do not choose one of the options above (or your choice is unclear for any reason), the Trustee's default policy is to adjust your Plan benefits by deduction from your money purchase benefits first. Your final salary benefits will only be used where the tax charge exceeds your total money purchase benefits.

Member declaration

- (1) I have read and understood the information provided to me regarding the mandatory Scheme Pays facility, the adjustment of my Plan benefits and this Notice.
- (2) This Notice is issued of my own choice and I understand and acknowledge that neither the Trustee nor my Employer takes any responsibility for my decision to issue this Notice nor can they provide any form of advice as to whether the use of mandatory Scheme Pays is in my best interests.
- (3) In making my decision to issue this Notice, I have taken and relied on such independent financial advice as I consider to be appropriate and I have not relied upon any representation made by the Trustee or my Employer.
- (4) I understand that:
 - (a) Once this Notice is received by the Plan administrators it cannot be withdrawn or revoked and the Trustee becomes jointly and severally liable with me for the amount of the annual allowance tax charge I have asked the Plan to pay, as stated above.
 - (b) This Notice must be received by the Plan administrators before I draw my Plan benefits, reach age 75 and/or transfer my Plan benefits out of the Plan.
 - (c) My Plan benefits will be adjusted to take account of the payment of the annual allowance tax charge made by the Trustee on my behalf, pursuant to this Notice. Where the amount of the tax charge is more than the Plan benefits I have nominated, the remaining tax liability will be met from my other Plan benefits. The adjustment of my benefits could have an indirect impact on benefits payable in the event of my death.
 - (d) The Trustee and/or the Employer will have no liability to me, or anyone claiming in respect of me, in relation to any Plan benefits utilised in applying the adjustment referred to in (d) above.
 - (e) The Trustee may refuse to give effect to this Notice, and/or any amendment I make to it, in the circumstances set out in the Finance Act 2004 and the Trustee will inform me if this applies.
 - (f) In respect of the annual allowance tax charge stated above, I will be responsible for completing any HMRC reporting requirements in connection with using mandatory Scheme Pays. If I have asked for part of the total annual allowance tax charge to be paid from the Plan, I will remain responsible for paying the remainder of the tax charge directly to HMRC. If for any reason the benefits are not sufficient to cover the tax charge, I remain liable for the balance.
 - (g) If any refund becomes payable from HMRC in respect of the amount paid by the Trustee pursuant to this notice (for example because, my annual allowance tax charge liability reduces) my Plan benefits may be adjusted on such basis as the Trustee determines, on actuarial advice, to take account of the refunded amount.
- (5) I confirm that:
 - (a) The amount of the annual allowance tax charge stated above has been calculated at the proper rate as described in section 237B(4) of the Finance Act 2004;
 - (b) My pension input amount for the Plan in the relevant tax year was more than £40,000; and
 - (c) I will not reach age 75 in the tax year to which my annual allowance tax charge relates.
